CAREER OBJECTIVE

To obtain an opportunity where I can leverage my potential and contribute to the organization's growth. Seeking a position in a company where I can launch my career and build a valuable skill set.

EDUCATION

University of Visvesvaraya College of Engineering, Bengaluru *Dec 2022 - Present*
B.E. in Electronics and Communication Engineering *CGPA: 8.68*

Morarji Desai Residential Science College, Hospet *2022*
PUE Percentage: 93%

Morarji Desai Residential School, Nadavi *2020*
SSLC Percentage: 95.68%

TECHNICAL SKILLS

Languages	C, C++
Development Boards	Arduino , ESP32
Tools	Arduino IDE, Visual Studio , LTspice IV ,Xillinx ISE
Database	SQL
Concepts	Digital Electronics, Analog Electronics , CMOS , Analog and Digital Communication

PROJECTS

Smart Bluetooth Car Using ESP32

- Built a 4WD smart car using ESP32 with integrated Bluetooth for wireless control via Dabble mobile app (Android iOS).
- Programmed firmware in Arduino IDE to process real-time directional commands.
- Interfaced L298N motor driver to control four DC motors efficiently.
- Gained hands-on experience in embedded systems, motor control, and Bluetooth communication.

MIPS-32 RISC Processor Implementation *Verilog, ModelSim, FPGA Simulation*

- Designed and implemented a 5-stage pipelined MIPS-32 processor in Verilog, simulating all major instructions (R, I, J types).
- Developed individual modules including ALU, Control Unit, Register File, and Data Memory.
- Gained in-depth knowledge of processor architecture, instruction decoding, hazard handling, and RTL design.

COURSES

IoT Development Fundamentals *Marvel UVCE*

- Developed understanding of IoT architecture and worked with sensors and actuators for data collection and control in IoT applications.
- Gained hands-on experience with microcontrollers like Arduino and ESP32 using IDEs for programming and testing.
- Familiar with communication protocols such as MQTT, HTTP, and Bluetooth for IoT device interaction.

ACTIVITIES

- Volunteered in Milagro event organization.
- Helped organize "Food for Cause" at Kagathon 2K24.
